Amazing glass creation

Royal-Walkable

NISSINK BUSINESS GLASS ROYAL-WALKABLE

The patterns are as diverse as their inspirers from nature. But the standards for their applications remain the same: We aim to inspire you with our first class flexibility, quality and reliability.

CERTIFICATED SAFETY

The special Royal-Walkable collection for flooring and glass stair projects consists of 6 patterns in total. Each of these patterns was tested and certified by the leading European Work Safety institution "IFA" for their anti-slip degrees.

Certificated R11 Anti-Slip Degree from IFA Institute (Germany)
